

CBCGB REOPENING PLAN (Rev 12.1)

(Revised April 21st, 2021)

Re-opening our church is a joint effort by our Elders, Deacons, Pastoral Staff, Medical Advisory Team, Ministry Leaders, and Reopening Task Force. We are taking a phased approach informed by several factors:

- Safety is paramount;
- Care for the spiritual, physical, and mental well-being of members, coworkers, and community;
- Compliance with federal, state, and local government guidelines.

Working with medical professionals within the CBCGB community, we have determined key milestones to mark the transition from one phase to another.

As we begin re-opening, we stress two key precautions:

- First: medical (surgical) masks, hand hygiene, and physical distance are paramount.
- Second: personal responsibility in disinfecting the surrounding environment is helpful.

Proper attitude:

- Vigilant about COVID-19
- Ready to respond to new changes

We will carefully monitor the pandemic situation and revise our protocols and procedures accordingly. Our goal is to serve our congregation and community throughout each phase of the re-opening, using both in-person and online methods that maximize safety and effectiveness.

RE-OPENING PHASES AND TIMELINE

Our current re-opening plan has four phases. However, this plan may change as the CDC or state and local government agencies provide new information, guidelines, and protocols. Please keep in mind that some churches and civic organizations will re-open at different rates than will CBCGB. We have laid out a process we believe most suits the needs of our congregation.
